More collaborations...?

Check International Office/Professors

- For institutional agreements, the **incoming institution pays**
-> When you are abroad, please **convince the students there to come to NRW** (the only „big city“ in Germany ;-)
- If you are interested in another European city, please first contact the international office
- If we find a **Professor at a European University** that is interested in collaboration, they may help us to make an institutional agreement
-> So you might check the **publications of your Professors** whether they have **collaboration partners in interesting countries** and ask them, if they are interested starting a collaboration – they should then contract the Erasmus departmental coordinator (MH).

When to go? – Planning early, move your courses, for instance:

Internal Learning Agreement

- The internal learning agreement can be downloaded here:
<https://cnm.uni-wuppertal.de/fileadmin/cnm/Videos/LearningAgreementIntern.pdf>
- Here you can specify the courses of the partner university and the courses to be replaced in the BUW curriculum
- For every course, you need a short signature (i.e. paraphe) of the module responsible teacher
- Then it goes to the “Zentrales Prüfungsamt” to be signed by the head of the examination board (please google “Gemeinsamer Prüfungsausschuss Psychologie BUW”, gpapsychologie@uni-wuppertal.de)
- Once the partner university has accepted you, you need to upload this internal learning agreement in the Online Learning Agreement (OLA) system

Internal Learning Agreement: When do I need it for the OLA of the partner university?

- Please take the module description of the partner university and the BUW, go to the **module responsible teacher**, e.g. after the lecture to get the paraphe (short signature; google: Modilverantwortlicher Psychologie BUW)
- Please note that teachers are most reliably available during the term, while they might be not available in the lecture-free period: Get agreement as soon as you have the acceptance from the partner university.

Online Learning agreement

A few more details about digital learning agreement

- Bitte gehen Sie wie folgt vor:
- - Erstellen Sie Ihr Learning Agreement über das [OLA-Portal](#). Eine [Anleitung](#) sowie weitere Informationen dazu finden Sie auf unserer Homepage unter dem Reiter „[Wie erhalte ich die Erasmus+-Förderung? – 1. Schritt Learning Agreement erstellen](#)“.
- - Bitte tragen Sie die Daten **erst nach Absprache mit Ihrer Erasmus-Fachkoordination bzw. dem Fachprüfungsausschuss ein**, denn an die hier eingetragene Person wird aus dem OLA-System auch die Benachrichtigung verschickt, dass ein Learning Agreement zur Unterzeichnung vorliegt, nachdem Sie es komplett ausgefüllt und unterzeichnet haben. Sie können für die Absprache gerne weiterhin das papierbasierte Dokument nutzen, dies berechtigt Sie aber nicht eine Förderung über Erasmus+ zu erhalten.
- - Bitte beachten Sie, dass das digitale Learning Agreement verpflichtend über das OLA-Portal digital erstellt und unterzeichnet werden muss (eine Bewilligung basierend auf dem papierbasierten Learning Agreement ist nicht mehr möglich). Sollte die Partneruniversität diesen Vorgang verweigern, muss das von Ihnen dokumentiert und an die International Office berichtet werden.
